Dear Mr Williams

Healthy Schools Whole School Enhancement Audit 2012

Congratulations on submitting your Healthy Schools Review.

We are delighted to have accepted your completed review and in doing so, you have successfully maintained Healthy Schools. We are pleased to comment on the quality and standard of the evidence which you have provided clearly demonstrating your commitment to achieving better outcomes around health and well-being for children.

Please pass on our thanks to all of the pupils, staff and families who have contributed to the wealth of activities that the school is undertaking to ensure the foundation for learning, health and well-being is firmly in place. We look forward to working with you as you identify health & well-being priorities and plan effective change.

To improve our service we would request that you complete the brief feedback sheet and return to us for evaluation purposes. Also in order to present your certificate and replacement plaque, please provide a convenient date for me to attend a celebration assembly.

Kind regards

Julie Dunning
Principal Officer Healthy Schools
