

Why is learning a foreign language important?

Learning a language enriches the curriculum at Sutton Oak Primary School. It contributes to the children's understanding of their own cultures and those of others. Language lies at the heart of ideas about individual identity and community. Learning another language can do a great deal to shape children's ideas as well as giving them a new perspective on their own language.

Children are more open and receptive to language learning, and have an innate curiosity when learning a language, its new words and new sounds. They are confident and curious learners. Learning a new language has also been shown to improve critical thinking skills and to enhance social skills.

When/How is Spanish taught?

Spanish is taught in a whole class setting by the teacher.

Teachers plan their lessons using the Language Angels scheme of work and can supplement this with their own ideas and experience and those of their colleagues.

The lessons are designed to motivate, captivate and interest children from the first moment. They have clear, achievable objectives and incorporate different learning styles. SEN children have access to the curriculum through variation of task, grouping or support from an adult.

Each class has a timetabled lesson each week.

Spanish can also be revisited in short sessions throughout the week to consolidate knowledge and ensure new language is retained.

Spanish lessons include:

- PowerPoints and interactive whiteboard materials
- Interactive games (which pupils can access from home to consolidate their learning)
- Songs & raps
- Differentiated desk-based consolidation activities
- Worksheets (at three different levels of challenge) are provided throughout each teaching unit and can be used in class or can be sent home to be completed as a homework exercise

What do we learn about in Spanish?

Each lesson will focus on a combination of the 5 key language learning skills (speaking, listening, reading, writing and grammar).

* **Core Vocabulary** lessons cover; Classroom Commands; Colours; Days Of The Week; Maths Calculations; Months Of The Year; Numbers 1 – 100; Maths Calculations.

How do we assess and monitor Spanish?

Two forms of assessment are available at the end of every Language Angels unit:

1. Peer and self-assessment 'I can do...' grids. A quick and easy way for all pupils in the class to record which units they have completed and the progress they are making.
2. More detailed skills based assessments using bespoke skills assessment worksheets. This form of assessment enables us to determine the learning and progression of all pupils in the key language learning skills as well as monitoring their progress against the 12 attainment targets stipulated in the DfE Languages Programme of Study for Key Stage 2.

Monitoring and evaluation

The Subject Leader monitors the effectiveness of the language teaching provided throughout the school with feedback given to teachers delivering foreign language lessons. The Subject Leader and class teacher will together monitor the learning and progression made by pupils across the key stage.

The Subject Leader will encourage, where appropriate, class assemblies and presentations in Spanish. They will also encourage cross-curricular topics be taught in Spanish to knit together various areas of the curriculum.

All data, ranging from evidence of classroom teaching to individual pupil skills reports, is securely stored on a password protected database. This can be accessed by class teachers, the Subject Leader and SLT so all key stakeholders can evaluate delivery, performance and progress.
